2026

**SITOD ADVANCED CERTIFICATION COURSE
& BIORI National Congress**

May 29 - 30 / Complesso Monumentale del Santo Spirito

PROGRAM

Friday, May 29

7:30 to 8:30 h. Registration.

- 8:30 to 8:45 h. **Welcome remarks.** Alfonso Di Giorno MD (Italy), Maria Chiara Vulpiani MD (Italy) Luigi Gatta MD (Italy)
- 8:45 to 9:05 h. **Keynote Lecture: Transformative Perspectives on ESWT: From Evidence to Future Practice.**
Moderators: Daniel Moya MD (Argentina), Alfonso Di Giorno MD (Italy) - *Lecturer:* Sun Wei, MD (China)
Questions (5 minutes)
- 9:10 to 9:50 h. **Biological effects.**
Moderators: Cesare Faldini MD (Italy), Claudio Simplicio MD (Brazil), Gabriele Panegrossi MD (Italy)
- 9:10 to 9:22 h. **Cell/Molecules Transduction & Communication Therapies in Rehabilitation**
Kenneth Craig DPM (Australia)
- 9:22 to 9:34 h. **ESWT in Calcific Periarthritis of Collateral Ligament of Finger & Thumb**
Ram Chidambaram MD (India)
- 9:34 to 9:46 h. **Diamagnetism in biologic systems.**
Pietro Romeo MD (Italy) - *Questions (4 minutes)*
- 9:50 to 10:42 h. **Symposium: Treatment protocols and devices**
Moderators: André Krüel MD (Brazil) - Filippo La Cava MD (Italy) - Azael Flores Salinas MD (Mexico)
- 9:50 to 10:02 h. **Shock Waves and Radial Pressure Waves: Time to Put a Clear Nomenclature into Practice.**
Daniel Moya MD (Argentina)
- 10:02 to 10:14 h. **New Treatment parameters using ESWT.**
Kenneth Craig DPM (Australia)
- 10:14 to 10:26 h. **What happened when I changed the device I use? My experience with electrohydraulic and electromagnetic SW devices.**
Dan Zin MD (Israel)
- 10:26 to 10:38 h. **Diamagnetic shock wave, a different way of mechano transduction.**
Pietro Romeo MD (Italy) - *Questions (4 minutes)*

10:42 to 11:10 h. Coffee break.

- 11:10 to 11:30 h. **Keynote Lecture: Tending tender tendons: if everything fails, here comes the surgeon!**
Moderators: Vincenzo Campagna MD (Italy), Lisa Berti MD (Italy), Angelo Cacchio MD (Italy), Calogero Foti MD (Italy)
Lecturer: Nicola Maffulli (Italy) - *Questions (5 minutes)*
- 11:35 to 11:42 h. **Effect of shock waves on macrophages: a possible role in tissue regeneration and remodeling.**
M. Cristina D'Agostino MD (Italy)
- 11:45 to 12:45 h. **Case discussion.**
Moderators: Daniel Moya M.D. (Argentina), Sun Wei MD (China), Stefano Masiero MD (Italy)
Panel: Jan D. Rompe MD (Germany), Azael Flores Salinas MD (Mexico), Josep Pous MD (Spain),
Francesco Franceschi MD (Italy), Gian Mário Spadoni MD (Italy), Gianluca Vadalà MD (Italy), Fabio Tortorella MD (Italy)

12:45 to 14:00 h. Lunch.

PROGRAM

Friday, May 29

14:00 to 15:00 h. Sports medicine.

Moderators: Angelo De Carli MD (Italy), Bernardino Petrucci MD (Italy), Jaime Vasquez MD (Perù), Nino Avventuriera MD (Italy)

14:00 to 14:12 h. Use of shock waves in athletes.

Gustave Dutra MD (Brasil)

14:12 to 14:24 h. Use of ESWT in the competitive/in-season athlete. (video)

Mani Singh MD (USA)

14:24 to 14:36 h. Focused shock wave treatment in sports injuries.

Sergio Gigliotti MD (Italy)

14:36 to 14:48 h. Shockwave therapy for muscle injuries.

Natalia Mourão MD (Brazil)

14:48 to 15:00 h. Impact of Shockwave Therapy on the Treatment of Stress Fractures in Athletes.

Martín Turco MD (Argentina)

15:00 to 15:20 h. Keynote Lecture: Overload Pathology of the Hip, Knee and Foot

Moderators: Massimo Candela MD (Italy) - Michele S. Boccanera MD (Italy) - Sandro Luziatelli MD (Italy) - Elizaveta Kon MD (Italy) - Valerio Ponti PO (Italy) - Concetta Perri MD (Italy) - *Lecturer:* Fabio Catani MD (Italy) - *Questions (5 minutes)*

15:25 to 15:55 h. Treatment protocol: Location of the area to be treated.

Moderators: Eric Tortosa MD (Panama) - Fabricio Bergese MD (Argentina) - Natalia Mourão MD (Brasil)

15:25 to 15:37 h. Ultrasound-Guided External Shock Wave Therapy: Enhancing Precision and Depth Control in Musculoskeletal Treatment.

Dan Zin MD (Israel) - *Questions (3 minutes)*

15:40 to 15:52 h. Proposal for a standardized positioning for rotator cuff treatment with shock waves and radial pressure waves: an anatomical- imaging correlation.

Laura Tutte MD (Uruguay) - *Questions (3 minutes)*

15:55 to 16:07 h. Ultrasound, an indispensable complement to ESWT.

Roland Hamisultane MD (France) - *Questions (3 minutes)*

16:10 to 16:40 h. Coffee break.

16:40 to 17:55 h. Less frequent indications.

Moderators: Giorgio De Santis MD (Italy) - Raul Saggini MD (Italy) - Alfredo Dell' Uomo MD (Italy) - Carlo Impallomeni MD (Italy)

16:40 to 16:52 h. Radial pressure waves in carpal tunnel syndrome: a bridge between evidence and clinical practice.

Tonatiuh Ávila MD (Mexico) - *Questions (3 minutes)*

16:55 to 17:07 h. Secondary Knee Osteonecrosis Treatment Option.

Zmerly Hassan MD (Lebanon) - *Questions (3 minutes)*

17:10 to 17:22 h. ESWT and neck pain. Systematic review.

André Krueel MD (Brazil) - *Questions (3 minutes)*

17:25 to 17:37 h. ESWT and low back pain.

Claudio Simplicio MD (Brazil) - *Questions (3 minutes)*

17:40 to 17:52 h. Preliminary experience with dental lesions.

Daniel Moya MD (Argentina) - *Questions (3 minutes)*

17:55 to 18:15 h. Keynote lecture: Why extracorporeal shock wave therapy can fail to treat heel pain?

Moderators: Fabio Catani MD (Italy) - Josep Pous Barral MD (Spain) - Emanuela Castiello MD (Italy) - Genti Nano MD (Italy) - Bruna Maccaferri MD (Italy) - Massimo Misiti MD (Italy) - *Lecturer:* Osvaldo Valle MD (Chile) - *Questions (5 minutes)*

18:20 to 19:00 h. Case discussion.

Moderators: Naik Rajeev MD (India), Ricardo Kobayashi MD (Brazil), Raffaele De Caro MD (Italy), Vincenzo Piccinni MD (Italy), Gabriele Panegrossi MD (Italy), Dario Perugia MD (Italy), Riccardo Mezzoprete MD (Italy), Gianluca Fedeli MD (Italy), Emanuela Castiello MD (Italy), Gianluca Falcone MD (Italy), Anna Maria Colao MD (Italy), Filippo Fordellone MD (Italy)

19:30 h. Dinner party

PROGRAM

Saturday, May 30

- 8:30 to 9:00 h. Miofascial Pain Syndrome**
Moderators: Domenico Tigani MD (Italy) - Gualtiero Cipparrone MD (Italy) - Massimiliano De Paolis MD (Italy)
- 8:30 to 8:42 h. Shockwave therapy and myofascial pain syndrome.*
Ricardo Kobayashi MD (Brasil) - *Questions (3 minutes)*
- 8:45 to 8:57 h. Myofascial pain: advantages and limitations of each technology.*
Azael Flores Salinas MD (Mexico) - *Questions (3 minutes)*
- 9:00 to 9:30 h. Shockwaves and Spasticity**
Moderators: Lisa Berti MD (Italy) - Angelo Cacchio MD (Italy) - Calogero Foti MD (Italy)
Giuseppe Bonavina, MD (Italy) - Salvatore Fiore MD (Italy) - Tommaso Sciarra MD (Italy)
- 9:00 to 9:12 h. Shock waves are integrated into the multimodal treatment of spastic hypertonicity.*
Bruno Corrado MD (Italy) - *Questions (3 minutes)*
- 9:15 to 9:27 h. Myofascial Trigger Points: from metabolic failure to recovery via shock wave therapy. A translational bridge from biology to clinical practice.*
Blanca Piñeyro MD (Mexico) - *Questions (3 minutes)*
- 9:30 to 10:00 h. Round table: Protocols and strategies for the management of myofascial pain and spasticity.*
Moderators: Guillermo García Félix Díaz MD (Mexico), Lisa Berti MD (Italy) - Ismael Alaoui Mrani MD (Morocco), Sergio Azzolino DO (USA), Marco Arena MD (Italy), Blanca Piñeyro MD (Mexico), Abdulhameed Alattar MD (United Arab Emirates)
- 10:00 to 10:15 h. Keynote lecture: Strategic study of AI-enhanced PRP and shockwave therapy in precision orthopedics.**
Moderators: Francesco Albo MD (Italy), Gianluca Fedeli MD (Italy), Marco Arena MD (Italy), Francesco Honorio MD (Brasil), Mandic Vesna MD (Italy), Devecerski Giordana MD (Serbia), Stavroula Tasigiannaki MD (Greece)
Francesco Laraia FT (Italy), *Lecturer:* Jike Lu MD (China), *Questions (5 minutes)*

10:20 to 10:50 h. Coffee break

- 10:50 to 11:20 h. Urology-Andrology-Gynecology**
Moderators: Andrea Militello MD (Italy) - Stefano Astorino MD (Italy) - Luca Gianaroli MD (Italy)
- 10:50 to 11:02 h. Erectile Dysfunction: Integrated Synergic Protocol*
César Eisner MD (Argentina) - *Questions (3 minutes)*
- 11:05 to 11:17 h. Use of focused waves in urogenital syndromes*
Romina Tang Candiotti MD (Peru) - *Questions (3 minutes)*
- 11:20 to 11:40 h. Keynote lecture: Achilles tendinopathy and shock wave therapy? Let's get some science into this field.**
Moderators: Alfonso Di Giorno MD (Italy) - Raul Saggini MD (Italy), Calogero Foti MD (Italy), Arturo Militerno MD (Italy), Francesca R. Maggolini MD (Italy). *Presenter:* Jan D. Rompe MD (Germany) - *Questions (5 minutes)*
- 11:45 to 12:30 h. Chronic tendinopathies of the upper limb**
Moderators: Massimo Misiti MD (Italy) - Franco Russo PT (Italy) - Lisa Berti MD (Italy) - Anna Rita Pellegrino MD (Italy)
Francesco Ioppolo MD (Italy)
- Therapeutic options in cases of lateral epicondylitis**
Stefano Gumina MD (Italy) - *Questions (3 minutes)*
- 11:45 to 11:57 h. ESWT in lateral epicondylitis*
Oyama Jr. Arruda MD (Brasil) - *Questions (3 minutes)*
- 12:15 to 12:20 h. Shoulder tendinopathies with and without partial tears and calcifications*
Giuseppe Porcellini MD (Italy) - *Questions (3 minutes)*

12:20 h. Official Greetings
S.E.R. Mons. Gian Franco Saba

12:30 to 14:00 h. Lunch

PROGRAM

Saturday, May 30

14:00 to 14:15 h. **Keynote lecture: Overload Pathology of the Hip, Knee and Foot**

Moderators: Massimo Candela MD (Italy) - Michele Simone Boccanera MD (Italy), Elizaveta Kon MD (Italy)
Bernardino Petrucci MD (Italy) - Valerio Ponti PO (Italy) - *Lecturer:* Fabio Catani MD (Italy) - *Questions (5 minutes)*

14:20 to 15:15 h. **Bone indications**

14:20 to 14:32 h. **Shock wave therapy in traumatology: changing paradigms and treatments.**

Fernando Dobkin MD (Argentina) - *Questions (3 minutes)*

14:35 to 14:47 h. **Shock waves in delayed non-union: limits and surgery.**

Josep Pous MD (Spain) - *Questions (3 minutes)*

15:00 to 15:12 h. **Bone marrow edema.**

M. Cristina D'Agostino MD (Italy) - *Questions (3 minutes)*

15:15 to 15:45 h. **Coffee break**

15:45 to 16:45 h. **Case discussion**

Moderators: André Krüel MD (Brazil), Fidel Gomez Planás MD (Paraguay), Nilton Mazzer MD (Brazil) - *Panel:* Vincenzo Campagna MD (Italy), Ezequiel Palmanovich MD (Israel), Maurizio Draghetti MD (Italy), Gualtiero Cipparrone MD (Italy)

16:45 to 17:00 h. **Muscle Tensive Cervicalgia, Bastrup, Sacroiliitis**

Moderators: Calogero Foti MD (Italy), Lisa Berti MD (Italy), Stefano Boriani MD (Italy), Fidel Gomez Planás MD (Paraguay), Alfonso Di Giorno MD (Italy)

Lecturer: Alessandro Gasbarrini MD (Italy) - *Questions (5 minutes)*

17:05 to 17:20 h. **Shock waves: A Personal View**

Moderators: Stefano Masiero MD (Italy), André Krüel MD (Brazil), Francesca Romana Maggiolini MD (Italy), Arturo Militerno MD (Italy), *Lecturer:* Giulio Maccauro MD (Italy) - *Questions (5 minutes)*

17:25 to 17:35 h. **IFSWT and SICOT join forces to promote greater awareness and dissemination in the Orthopedic World**

Vikas Kanduja MD (UK)

17:40 to 17:55 h. **Keynote Lecture: Rationale and objectives of the International Federation of Shockwave Therapy.**

Alfonso Di Giorno MD (Italy) - *Questions (5 minutes)*

18:00 h. **Closing Ceremony**

SPEAKERS FACULTY LIST (provisionally)

Abdulhameed Alattar	UAE	Chief, Division of Physical Medicine and Rehabilitation Rashid Hospital - Um Hurrair Second Dubai
Alessandro Ciompi	Italy	Orthopedic Surgeon Santo Spirito Hospital Rome - Partecipants
Alessandro Gasbarrini	Italy	Director Spinal Surgery at the Rizzoli Orthopaedic Institute UniBo Bologna
Alfonso di Giorno	Italy	IFSWT International President
Alfredo Dell'Uomo	Italy	Hand Surgeon Santo Spirito Hospital Rome
André Kruel	Brasil	President SMBTOC and General Secretary IFSWT Ortopedic Surgeon
Andrea Militello	Italy	Specialist in Urology and Andrology, lecturer at the University of Ostrava and ASOMI College of Sciences
Angelo Cacchio	Italy	Associate Professor of Physical Therapy and Rehabilitation at the University of L'Aquila
Angelo De Carli	Italy	Director of Sapienza University of Rome Orthopaedic School 1, Doctor of the Italian National Football Team
Anna Maria Colao	Italy	Physiatrist Di Giorno Medical Rehabilitation Centre
Antonio Teti	Italy	Orthopedic Surgeon Santo Spirito Hospital Rome - Partecipants
Arturo Militerno	Italy	Ortopedic Surgeon UniCatt Gemelli Policlinic Rome
Azael Flores Salinas	Mexico	Medical and Rehabilitation Specialist Focal Schockwaves Expert
Bernardino Petrucci	Italy	National Doctor FIDAL Italian Athletics Federation
Blanca Piñeyro	Mexico	Sport Medicine and Rehabilitation Focal Schockwaves Expert
Bruna Maccaferri	Italy	Physiatrist Researcher Spine Surgery Rizzoli Orthopedic Institute
Bruno Corrado	Italy	Associate Professor of Physical Therapy and Rehabilitation at the Federico II University of Napoli
Calogero Foti	Italy	Director of Physiatry at the Tor Vergata Hospital Uniroma 2 Roma
Carlo Impallomeni	Italy	Director of Orthopedics at the Imola Hospital
César Eisner	Argentina	Director Médico- Ecografista-Elastografista-Certificado Ondas de Choque Professor Buenos Aires
Cesar Rengiffo	Mexico	President Orthopaedics Society Mexico
Cesare Faldini	Italy	Director of the Orthopedic Clinic of the University of Bologna, Rizzoli Orthopedic Institute of Bologna
Christof Burger	Germany	His top areas of expertise are Fractured Spine Bon
Claudia Reyes	Colombia	Vice President Colombian Orthopedic Society
Claudio Simplicio	Brasil	Past President SMBTOC Ortopedic Surgeon Focal Schockwaves Professor
Concetta Perri	Italy	Physiotherapist Coordinator of Di Giorno Medical Rehabilitation Centre in Lamezia Terme
Dan Zin	Israel	Orthopedic Professor Wolfson Medical Center Holon Israel
Daniel Moya	Argentina	Orthopaedic Surgeon, Buenos Aires British Hospital
Dario Perugia	Italy	Associate Professor Sapienza University at the S. Andrea Polyclinic Roma
Devecerski Giordana	Serbia	Full Professor of Physiatry, University of Novi Sad
Domenico Tigani	Italy	Director of Orthopedic Maggiore Hospital Trauma Center Bologna
Elisaveta Kon	Italy	Director of the Knee Joint Articulation Reconstruction Centre at Humanitas Research Hospital Milan
Eelson Miranda	Brasil	SMBTOC Member Orthopedic Surgeon Focal Schockwaves Expert Natal
Emanuela Castiello	Italy	Orthopaedic Surgeon Maggiore Hospital Bologna
Ennio Sinno	Italy	Orthopedic Surgeon Santo Spirito Hospital Rome - Partecipants
Eric Tortosa	Panama	LATAM Delegate SICOT Focal Schockwaves Expert
Erich Hinojosa	Bolivia	Orthopedic Surgeon Focal Schockwaves Expert
Ezequiel Palmanovich	Israel	Director of the Foot and Ankle Service Orthopedic Department Meir Hospital
Fabio Catani	Italy	Orthopedics Full Professor UniMoRe and Pittsburgh University
Fabio Valério Sciarretta	Italy	Orthopaedic Surgeon - Chair Isakos Ans Sicot Orthobiologics Task Forces
Fabio Tortorella	Italy	Shoulder Surgery at the Rizzoli Orthopedic Institute in Bologna
Fabricio Bergese	Argentina	Orthopaedic Surgeon Ushuaia Hospital del Fin del Mundo Patagonia
Fernando Dobkin	Argentina	Ortopedia y Traumatología Specialist Hombro y Codo, Dir Servicio de Traumatología Sanatorio Parque
Fidel Gomez Planás	Paraguay	Orthopedic Surgeon SPOCH President Focal Schockwaves Professor
Filippo Fordellone	Italy	Dentist, Head of Dentistry at Villa Dante INI Group, Guidonia, Rome
Filippo La Cava	Italy	Orthopedic Surgeon Santo Spirito Hospital Rome

Francesca Romana Maggolini	Italy	Physiatrist, Head of the UOSD Fatebenefratelli Hospital, Rome
Francesco Albo	Italy	Orthopaedic Surgeon Bracciano Hospital Rome
Francesco Falez	Italy	Past Director of Orthopaedics and Traumatology at Santo Spirito Hospital Rome
Francesco Franceschi	Italy	Director Orthopedics Surgeon San Pietro Fatebenefratelli Rome
Francesco Laraia	Italy	Physiotherapist President of the Order of Physiotherapists CZ VV KR
Francisco Honorio	Brasil	Orthopedic, Focal Shockwaves and Regenerative Medicine Brasil
Franco Russo	Italy	Honorary President FIFS Past Fisioterapist CONI
Gabriele Panegrossi	Italy	Director of Orthopedics at Santo Spirito Hospital, Rome
Genti Nano	Italy	Physiotherapy at Rehabilitation and Sports Medicine Centre Di Giorno in RM e BO - Partecipants
Gian Mário Spadoni	Italy	Orthopedic Surgeon Santo Spirito Hospital Rome
Gianluca Falcone	Italy	Past Orthopaedic Foot Surgery Gemelli University Rome
Gianluca Fedeli	Italy	Orthopedic Surgeon Santo Spirito Hospital Rome
Gianluca Vadalà	Italy	Associate Professor BioCampus University Policlinic Campus BioMedico Roma
Giorgio De Santis	Italy	Past Director Plastic Surgery and Dean of Medicine UniMoRe University
Giorgio Gasparini	Italy	Director of the Orthopedics Clinic of the University UMG Magna Graecia Calabria
Giovanni Aiello	Italy	Physiotherapy at Medical Rehabilitation Centers and Sports Medicine Di Giorno Cosenza - Partecipants
Giulio Maccauro	Italy	Director of the UniCatt Orthopedics Clinic at the Gemelli Polyclinic in Rome
Giuseppe Bonavina	Italy	Neurologist at the Montecatone Rehabilitation Institute Hospital
Giuseppe Porcellini	Italy	Associate Professor Director of the Orthopedics School UniMoRe
Gualtiero Cipparrone	Italy	Director of Orthopedics Cosenza Hospital ASP Cosenza
Gulliermo de Jesus García Félix Diaz	Mexico	President of the Mexican Orthopaedics Council, Mexico City
Gustave Dutra	Brasil	Social Doctor of the Botafogo Football Team Focal Shockwaves Expert
Gustavo Ivan Vallejo	Ecuador	President Orthopaedics Society Ecuador
Handass Prem Menon	India	Orthopedic Surgeon NUHS (National University Hospital of Singapore)
Hazem Alkawashki	Saudi Arabia	Professor at King Saud University, Riyadh IFSWT Coordinator for Middle East
Ismael Alaoui Mrani	Morocco	Sport Medicine and Rehabilitation IFSWT Coordinator for Africa
Jaime Vasquez	Peru	Past Peruvian National Football Team Doctor
Jan Dirk Rompe	Germany	Physiatrist Specialist Focal Shockwaves Professor
Josep Pous Barral	Spain	Traumatologist Orthopedic Surgeon IFSWT Coordinator for Europe
Jike Lu	China	Beijing United Family Hospital
Kenneth Craig	Australia	Clinical Dir Kompass Health Associates Auckland Vice-President International Society for Medical Shockwave Australia
Lara Tutte	Uruguay	Physiatrist Coordinator IFSWT for South America Focal Shockwaves Expert Montevideo
Leopoldo Parada Pozas	Chile	Orthopedic Surgeon Focal Shockwaves Professor Santiago
Lisa Berti	Italy	Director of Physiatry at the Rizzoli Orthopaedics Institute Bologna University
Lívio Perticone	Italy	Director Orthopedics AOU Renato Dulbecco Pugliese Hospital Catanzaro
Luigi Ciolli	Italy	Orthopedic Surgeon Santo Spirito Hospital Rome - Partecipants
Luigi Gatta	Italy	Orthopedic and General Surgeon, Academy Regenerative Medicine BIORI President
Luca Gianaroli	Swiss	Scientific Director of IIRM SA Lugano and Director of Global Educational Programs of IFFS
Mani Singh	USA	Physiatry, Coordinator IFSWT for USA Focal Shockwaves Professor
Marco Arena	Italy	Director of the Arena Rehabilitation Clinic
Marco Breccia	Italy	Orthopedic Surgeon Santo Spirito Hospital Rome - Partecipants
Marco Paoloni	Italy	Full Professor Department of Anatomical, Histological, Forensic, and Locomotor System Sciences
Marco Scrivano	Italy	Orthopedic Surgeon Santo Spirito Hospital Rome - Partecipants

Maria Chiara Vulpiani	Italy	SITOD President Orthopedic Surgeon UniRoma1 S.Andrea Policlinic Rome
Maria Cristina D'Agostino	Italy	Past President SITOD Orthopedic Surgeon Focal Schockwaves Service Humanitas Hospital Milano
Martín Turco	Argentina	Sanatorio Parque ICR Sport Universidad Nacional de Rosario Argentina
Massimiliano De Paolis	Italy	Director of Orthopedics Surgeon Policlinic S.Orsola Bologna
Massimo Candela	Italy	Director Orthopedics Paola Hospital ASP Cosenza
Massimo Misiti	Italy	Head of the Orthopedics Department at the La Madonnina Cosenza
Maurizio Draghetti	Italy	Orthopaedics Director Villa Erbosa San Donato Group Milano Bologna
Michele Simone Boccanera	Italy	Orthopedic Surgeon Santo Spirito Hospital Rome
Naik Rajeev	India	Orthopedic Surgeon, Indian Orthopedic Society President, Bangalore
Natalia Mourão	Brasil	Vice President SMBTOC Focal Schockwaves Professor Rio de Janeiro
Nicola Maffulli	Italy	Full Professor Orthopaedics Clinic Sapienza UniRoma 1 Sant'Andrea Policlinic Rome
Nicola Tanfurri	Italy	Orthopedic Surgeon Santo Spirito Hospital Rome
Nilton Mazzer	Brasil	Dep. of Orthopedics and Traumatology, Anesthesiology, Ribeirão Preto Medical School - Univ. of São Paulo, Brazil
Nino Avventuriera	Italy	Cosenza Football Club Doctor
Oswaldo Valle	Chile	Orthopedics and Traumatology Specialist - University of Valparaíso Chile
Oyama Jr. Arruda	Brasil	Orthopedic Surgeon Past President SMBTOC Focal Schockwaves Professor
Paolo Oliva	Italy	Orthopedic Surgeon Santo Spirito Hospital Rome - Participants
Pietro Romeo	Italy	Orthopedic Surgeon at the Orthopedic Clinic Operating Unit at the IRCCS Galeazzi Hospital - Milan
Raffaele De Caro	Italy	Full Professor Human Anatomy at the University of Padova
Ram Chidambaram	India	Specialist in Sports Injuries, Shoulder and Elbow Society President, Chennai Upper Limb Unit
Raul Saggini	Italy	Full Professor of Physical Medicine and Rehabilitation at eCampus Novedrate Univeristy
Renato Bevilacqua	Brasil	President Regenerative Medicine Society Sao Paulo
Renzo Ciardini	Italy	Orthopedic Surgeon Santo Spirito Hospital Rome - Participants
Ricardo Kobayashi	Brasil	Orthopedic Surgeon SMBTOC Focal Schockwaves Professor São Paulo
Riccardo Mezzoprete	Italy	Director of Orthopedics and Traumatology at Rieti Hospital
Rocco Papalia	Italy	Director of the Orthopedic Clinic at the UniCampus Polyclinic in Rome
Romina Tang Candiotti	Perù	Physical Therapy and Rehabilitation Specialist, Focal Schockwaves Expert Lima
Salvatore Fiore	Italy	Neurophysiopathologist ASP Cosenza
Sandro Luziatelli	Italy	Orthopedic Surgeon Past Head of the Osteoarticular Department at the Celio Military Hospital
Sergio Azzolino	USA	Osteopath and Riabilitator CA Focal Schockwaves Professor
Sergio Gigliotti	Italy	Orthopedic Surgeon SITOD Past President
Stavroula Tasigiannaki	Greece	Psysiatrist
Stefano Astorino	Italy	Dermatologist, Coordinator of Dermatology at the "Celio" Military Hospital Rome
Stefano Boriani	Italy	University of Bologna, Adjunct Professor at the School of Specialization in Orthopedics, IRCCS Istituto Rizzoli
Stefano Conte	Italy	Orthopedic Surgeon Santo Spirito Hospital Rome - Participants
Stefano Gumina	Italy	Director of the Orthopedic Clinic of the Sapienza University Umberto I Policlinic Rome
Stefano Masiero	Italy	Full Professor of Physical and Rehabilitation Medicine at the University of Padua
Sun Wei	China	Orthopedic Surgeon at the China-Japan Hospital IFSWT Coordinator for Asia and Oceania
Tommaso Sciarra	Italy	Director of Physiatriy at the Celio Military Hospital
Tonatiuh Ávila	Mexico	Physiatrist Specialist, IFSWT Coordinator for Central America
Valerio Ponti	Italy	Podiatrists, President the Italian Podiatrists Association AIP
Vincenzo Piccinni	Italy	Director of the Orthopedics and Traumatology Unit at the Celio Military Hospital
Vikas Kanduja	UK	SICOT President Associate Professor of Orthopedics Cambridge University UK
Vesna Mandic	Italy	Orthopedic Surgeon, General Director of the "Celio" Military Hospital Rome
Vincenzo Campagna	Italy	Specialist in Physical Medicine and Rehabilitation
Zmerly Hassan	Lebanon	Orthopedic Director Villa Erbosa San Donato Group Bologna

PRESENTATION

What a great event! The IFSWT shall take place in the eternal city, Rome. Much has been said and written about SWT, and this is a unique to bring key opinion leaders in the field altogether, and exchange ideas to advance this field. Shockwave therapy now transcends the simple mechanical effect, and marriage mechanics with biology. The program is rich, the talks enticing, and the ambience conducive to developing new ideas and collaborations. Welcome!

Nicola Maffulli
Full Professor of Orthopedic Clinic
Sapienza Uniroma1
Policlinico Sant'Andrea Rome"

PRESENTATION

Editorial: All roads lead to Rome **Daniel Moya, MD**

The popular proverbial saying that all roads lead to Rome has a basis in reality. In 20 BC, Emperor Augustus built in the Roman forum a bronze monument covered in gold called “Milliarium Aureum”, which marked kilometer zero of the Roman roads. The reference point was considered the origin of some 400 roads that extended for approximately 80,000 kilometers, integrating the extent of the Roman Empire.

The first mention of this phrase is in the Middle Ages, in a text from 1175 that literally reads “Mille viae ducunt hominem per saecula Romam,” which translates to “A thousand roads lead a man to Rome forever.” This road network had administrative, military, and commercial implications, but it also allowed a flow of people from different backgrounds that made the “Eternal City” the capital of the world for many centuries.

Unlike other great imperial capitals, Rome has managed to withstand the ups and downs of history and remain one of the international points of reference from a cultural, political and economic point of view.

Therefore, it is no coincidence that Rome has been chosen as the venue for the next meeting of the International Federation of Shockwave Therapy.

On May 29 and 30, 2026, with the organization of the International Federation of Shock Wave Therapy, the Società Italiana di Terapia con Onde D’Urto and the Accademia di Medicina e Chirurgia Bioregenerativa, an international meeting on shockwave therapy and regenerative medicine will be held at the Ospedale Santo Spirito Monumental Complex. Located steps from the Vatican, the convention center stands in the oldest hospital in Europe, founded in Rome in the 8th century for Saxon pilgrims and rebuilt by Pope Innocent III in the 13th century.

The congress will have a very high academic level with the participation of world leaders from all corners of the planet.

Considering the scientific, tourist and cultural attractions of the proposal, it is clear that by 2026 all roads of shock waves and regenerative medicine lead to Rome.

PRESENTATION

Dear Participant,

On behalf the Executive Board of the IFSWT – International Federation of Shock Wave Treatment, we are pleased to invite you to attend the International Focal Shock Wave Congress, which will take place in Rome on May 29–30, 2026, at the prestigious Complesso Monumentale del Santo Spirito, in collaboration with SITOD and BIORI.

This event represents an important opportunity for experts, researchers, and professionals from around the world to meet and exchange insights in the field of bioregenerative medicine and regenerative medical treatments, with a special focus on the use of focal shock waves in conservative medicine and pre- and post-surgical applications.

The congress will feature scientific sessions, interactive workshops, and round tables dedicated to the latest innovations in the field, offering participants a unique opportunity for professional development and international networking.

The event will simultaneously host:

- The International Focal Shock Wave Congress (www.ifswt.org)
- The National BIORI Congress (www.biori.it)
- The SITOD Advanced Certification Course (www.sitod.it)

Alfonso di Giorno
IFSWT International President – www.ifswt.org

IFSWT International Congress Rome
